

Small

Workshop on Genome Editing using TALENs and CRISPR/Cas

Place: University of Cologne, Biocenter, Room 3.003

Time: March 20th 2014, 3:00 - 6:00 pm

The **goal of this workshop** is to bring people together that already apply TALENs and/or CRISPR/Cas in their research and to exchange and discuss protocols, experiences and results. Everybody who is just interested or is planning on making use of these tools for genome editing in the near future is cordially invited to join.

Assigned short-talks on

TALEN mediated gene knock out in zebrafish
Hans-Martin Pogoda, Hammerschmidt lab, UzK

CRISPR/Cas mediated gene knock out in zebrafish
Ivan Ivandic, Korsching Lab, UzK

Direct generation of mutant mice via oocyte injection of designer nucleases
Laurens Wachsmuth, Pasparakis lab, UzK

Reading the results - comparative view on the different methods of indel detection
Mirco Brondolin, Hoch lab, LIMES, Bonn

Ask the expert:

**Skype-conference with
Prof. Stephen C. Ekker,
Mayo Clinic Cancer Center
Rochester, Minnesota**

Organizer
Hans-Martin Pogoda
Hammerschmidt lab
