A NEW VOLUME OF THE PROSOPOGRAPHIA MILITARUM EQUESTRIUM

While preparing *Supplementum* I of the *Pros. Mil. Eq.*¹ I appealed, in this journal,² to colleagues to report to me any *addenda* and/or *corrigena*. From numerous colleagues - too many to enumerate here³ - I received much help, for which I wish to reiterate my sincere thanks.

I am now working on a new supplement to the *Pros. Mil. Eq.: Tomus V, Supplementum II* (1993). May I repeat here my appeal to forward to me any new finds and fresh interpretations of known sources. By way of *antidorum* I append here an overview -albeit highly condensed - of the most recent harvest of new equestrian officers. May I also be so bold as to bring to the attention of the reader the appearance of *Mavors* VI.⁴
