NEW INSCRIPTIONS FROM ASIA MINOR*

Caria

1. A dedication to the Nymphs. A block of marble is re-used in the wall of the house, numbered 99, which is at Meşrutiyet Mahallesi, 8/1 Sokak, Aydın. It is covered with stucco now.

Υσσαλδωμος
2 Παου Νύμφαις

English Translation: Yssaldomos, son of Paos, (dedicated) to the Nymphs.

Türkçe Çevirisi: Paos'un oğlu Üssaldomos Nümfe'lere (adadı).

Ll. 1 and 2: Yssaldomos and Paos are formerly encountered Carian personal names.¹ Παου, genitive singular of the name Παος, is also attested in I. Amyzon 2, l. 3 and 5 (321/0 B.C.).

This inscription, dating back to the 4th century B.C., comes from a fountain.

2. Honorary stele for Lucius Aelius Tubero. The re-used block of marble is in the north wall of Alihanbaba Türbesi, between its window and the entrance. The tomb is located at Gazi Bulvari, Alihanbaba Sokak, Aydın.

* I should like to thank my teacher Prof. Dr. M. Çetin Şahin for help in preparation of this article, as well as Prof. Dr. Reinhold Merkelbach and Prof. Dr. Wolfgang Blümel.

For Paos see H. Malay, Arkeoloji Dergisi 5 (1997) 175 f. no. 2 (= SEG 47, 1632) Παος Πυθέω Τραλλεύς (4th century B.C., area of Magnesia ad Maeandrum) and M. Ç. Şahin, ibid., p. 190, line 12: Παον Πακτύον ἐκ Παταρουσών, and he indicates p. 191 that “although L. Robert seems to have attested the name Paos, he is not sure whether it is Paos or Paes” (see footnote 22 on the same page: L. Robert, Opera Minora Selecta III, Amsterdam 1969, p. 1536).

English Translation: . . . and the Elders (the Gerousia) at Tralleis honour Lucius Aelius L. f. Tubero, legatus, their patron, with a golden crown and a bronze image. Because in the most needful times he exhibits his kindness to the Elders (the Gerousia) and he does his good care for themselves.

Türkçe Çevirisi: . . . ve Tralleis'deki ihtiyarlar meclisi üyeleri elçive onların patronu olan, Lucius'un oğlu, Lucius Aelius Tubero'yu altın çelenkle ve tunçtan heykelle onurlandırdılar. Çünkü o en zor zamanlarda ihtiyarlar meclisi üyelerine iyi niyetini göstermiş ve kendileriyle ilgilenmiştir.

The honoured person is L. Aelius Tubero; from this text it results that he was Luci filius. He was legate in the province of Asia, under the proconsul Quintus Tullius Cicero, in the years 61–58 B.C. Cf. D. Magie, Roman Rule in Asia Minor II 1586 and 1580 (proconsul Quintus Cicero); E. Klebs, R.E. I,1 (1893) 537/8 no. 158; Der Neue Pauly I 170/1 no. I 14; Cicero (Marcus Tullius), Ad Quintum fratrem I 1,10; Pro Plancio 100.

1 οἱ γέροντες = ἡ γερουσία. There are many attestations for the gerousia in Tralleis, see e.g. I.K. 36,1 no. 35,4, 41,6, 66,13, 67,4, 75,2 etc.

3. The altar of Apollon khresmodotes. The block of marble was found at the village of Kavaklıdere near ancient Kys. I should like to thank Prof. Dr. M. Çetin Şahin for giving me the right to publish this inscription. – Hellenistic.

- ’Απόλλω-
 2 νος χρησ-
 σμοδότου

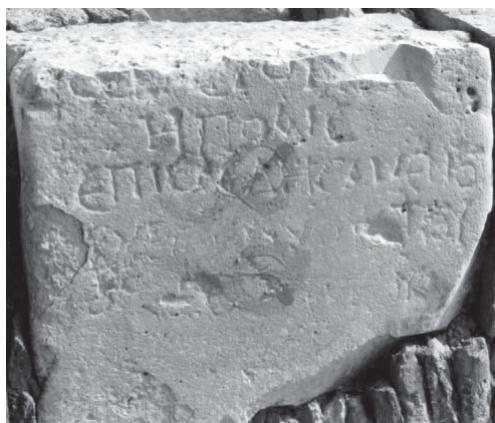

English Translation: The altar of Apollon khresmodotes (giving oracles).

Türkçe Çevirisi: Kehanet veren Apollon'un sunağı.

The inscription shows a seat of an oracle, belonging to Apollon in Kys. The god's place, where he gives his oracles, and khresmodotes, his epithet, are new.

New translation: When the citizens of Trapezopolis consult with each other, the Council (of Trapezopolis), having his statue made, honors Adrastos son of Aleksandros from tribe Galeria, since he serves in order as a priest to state of Helios piously.

Yeni çeviri: (Trapezopolis) Meclisi, Trapezopolis yurtaşları görüşüp karar verince, Helios'un kutsallığına rahip olarak düzenli bir biçimde dindarca hizmet ettiği için, Aleksandros'un oğlu Galeria tribusu'ndan Adrastos'u heykelini dikтирerek onurlandırdı.

Trapezopolis is derived from $\tau\rho\alpha\pi\epsilon\zeta\alpha$ “table, altar” and $\pi\circ\lambda\circ\varsigma$ “city”. Hence, it means “city for sacrificing”. So, we can conclude that Trapezopolis is a holy place, including a temple precinct of Helios Apollon, of the main city of Laodicea ad Lycum, such as Lagina of Stratonikeia.
